

A Per-view B0 and B1 hit fractions**B Per-view B1 path fraction of B0****C Active vs inactive B1 hit fraction****D Pooled B0/B1 domain comparison**

Deterministic centerline geometry census; no error bars. Not a reconstruction result and not physical validation of the released 25-degree cone.

Gray bands: views with B0 centerline misses (0, 3, 6). Star marker: active-mask B1 misses (0).
